

Let it Be Known to all Who Profess the **Art-of-Arms** that We make this Declaration of Fraternity:

Wherefore it has been our great fortune to rekindle the embers of the Noble Art of Arms, which has endured only tenuously through the foresight of its ancient Masters, so too does the burden of its correct preservation and transmission fall upon our shoulders;

Wherefore, **Armizare** is also known as the **Knighthly Art**, and its study has been a conveyance to instill the Virtues of **Provenss**, **Courage**, **Justice**, **Courtesy**, **Fumility**, **Largesse**, & **Franchise** in its adherents; binding us to our Ancestors, and its practice cannot be separated from the ethos that bore them;

Therefore, it is incumbent upon those who profess the aforesaid Knighthly Virtues that they seek those of like mind and spirit to share in this endeavor and foster such values.

And to this end, We, the **Principals** of the **International Armizare Society** and the **Academy of European Medieval Martial Arts**, do establish this **Alliance** in perpetuity, dedicated to the following:

**Item:** That all who take up the study of **Armizare** become **Brothers-in-Arms**, regardless of nation, race or creed;

**Item:** That there is a need for **Standards of Excellence** and **Safety** and amongst those **Brothers**;

**Item:** That both **Society** and **Academy** acknowledge an **Obligation** to promulgate the correct study and understanding of **Armizare** in its entirety and within its greater historical milieu;

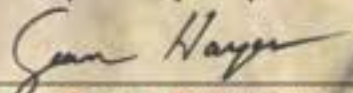

**Item:** That both **Society** and **Academy** share a determination to impart both the **Skills** and the underpinning **Virtues** of this **Knighthly Art**, to both **Their members** and to future **Generations**;

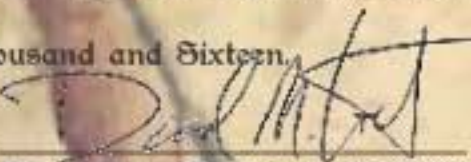

**Item:** That, in honor of the above, both **Society** and **Academy** shall mutually encourage and recognize each other's course of **Study**, right to hold **Prizes** and to grant **Rank**, in accordance with the **Traditions** of our **Ancestors**;

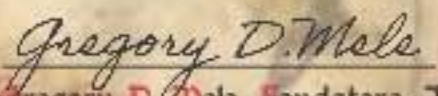

**Item:** That any **Scholar** of either **Society** or **Academy** shall be welcome in the other's training hall their rank recognized thereby.

Thus do we bind ourselves to these Resolutions, with a respect to the **Past** and an eye towards the **Future**.

Done this Twenty-Fourth Day of March, in the year Two-Thousand and Sixteen.
